Magen David Adom Ambulance

Dedicated by the Mashadi Community of NY

Israel & Zionism
Committee
of UMJCA

Magen David Adom (MDA) provides a rapid and skilled emergency medical response, including disaster, ambulance, and blood services, to more than half a million Israelis each year. We're helping save lives and perform miraculous rescues every day.

(MDA's work is mandated by the Israeli government, but not government-funded.)

To be a part of this project,
contact the synagogue office.
